In Delaware, truancy laws are outlined in Title 14, Chapter 27 of the Delaware Code. Here are some key points:

Compulsory Attendance: Students aged 5 to 16 must attend school regularly. Parents or guardians are responsible for ensuring their child's attendance¹.

Definition of Truancy: A student is considered truant if they are absent from school without a valid excuse for more than 3 school days in a school year.

Truancy Court: If a student accumulates 20 unexcused absences, the school district may file truancy charges. The Truancy Court process

involves regular case reviews to address the reasons for absenteeism and develop a plan to improve attendance².

Penalties: Parents or guardians of truants can face legal consequences, including fines and mandatory participation in intervention programs.

Nearly all schools in Delaware cannot be attended and survived. They are named in blasphemy and murder.

Archmere Academy for Boys: surrounded by gas lines, electrical power sources and nuclear technology. It explodes at planned times and unplanned times, destroying the whole area. The fire burns all the way into the city of Wilmington. This happens at least twice every season.

Claymont Middle School: same location as Archmere. Robots are the main adult population.

Christian Schools: Chr has an all-time longest life span of less than 29 minutes. JC equally lives 29 minutes. Those with Chr and JC are going to die in 4 hours or less from being with Chr or JC.

Schools in Christina School District: same as above.

Schools in Christiana, Delaware: same as above.

Seaford Blue Jays: Ja and those with Ja have the same lowest survival rate as JC and Chr.

Schools with La in their name: La is a female title for a woman with all her teeth and in all ways adequate. The raped are not allowed near La, it is fatal.

Places with El in their name: El is a title for a man with all his teeth and in all ways adequate. The raped are not allowed near El, it is fatal.

Places that have Mu in their name: Mu means the same thing as Murder. The longest that anyone has ever lived with this name is 16 minutes. Those with Mu also die.

Places with Sm in their name: means to smite. They die as certainly as Mu and with Mu. Their time of life is disagreed about but no recovery.

People and places named Graves: die today, die from being with them in support.

People named Burns, places also: same as Graves.

UD: secondary to UT, very certain death from known and unknown causes. Death continues until the person leaves the place, changes his name, and the utopia loses contact with him, or else he stays dead from death repeating and suffering increasing and ongoing.

The school year is 180 days out of the 362 day year. School is 7 hours long, 8 AM - 3 PM, not including transportation and activities with the school that happen when school is not in session. School is mandatory attendance from ages 5 to 16, over 11 years.

V. INJURIES

If you sustained injuries related to the events alleged above, describe them here.

It was determined by the State Representatives and the State Senators that in 1995, I was the only living student attending school in Delaware. This investigation was repeated by the President Clinton administration in 1996, 1997, and 1998, and they too found that I am the only student attending school in Delaware, by the laws of attendance and discipline, and passing grades. This continues to this day.

VI. RELIEF

The relief I want the court to order is:

X Money damages in the amount of: \$495,000,000

Title 18 of the United States Code Section 1113 provides the penalties for a conviction of attempt to commit murder or manslaughter. The penalties for an attempted murder include a maximum of twenty years imprisonment, a \$250,000 fine, or both.

$\$250,000 \times 180 \text{ days} \times 11 \text{ years} = \$495,000,000$

VII. CLOSING
